Regarding Letter of Inquiry dated June 10, 2015 relating to the Amended Year End Report (11-25-2014 to 12-31-2014) filed on 4-16-2015:

During the 2014 election cycle the campaign changed campaign managers. The former campaign manager made commitments to three employees and one independent contractor to employ them for all of 2014. Their employment ended and they were paid through the end of November in a timely manner. After the fact, the committee was able to determine that a liability existed to compensate these individuals for the month of December. Total liability for the December salaries for the four individuals was \$25,800 and would have been due on December 31, 2014. The December salaries were paid on July 2, 2015.
